

Mirabelle - Post surgical bra

ART.NO 31144, 31145

Steady seamless post-surgical bra, in super soft material with integrated compression in different zones. Designed for use in rehabilitation after breast surgery and/or radiotherapy when compression and relief are desired to accomplish a good healing process and reduce the risk of seroma and dehiscence. Also available in additional large sizes "Mirabelle Queen" - same advantages as Mirabelle but designed as an extra high/wide model.

- Measured compression level equivalent to compression class 1.
- Opening at the front center with hook-and-eye, adjustable in two steps.
- Wide, openable and adjustable shoulder straps at the front with hook-and-eye, adjustable in several steps.
- Double material in the cup; pocket for padding/breast form.
- Soft, wide, seamless seam under the bust.

Indications: Post-surgical bra with a measured compression level equivalent to compression class 1. Intended for use after different types of breast surgery.

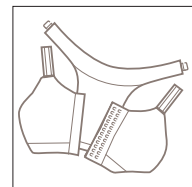

Contraindications: Infection. Arterial circulatory disorders. High risk of thrombosis.

Material: Mirabelle: 82% Polyamide, 9% Polyester, 9% Elastane. Latex-free. Mirabelle Queen: 88% Polyamide, 6% Polyester, 6% Elastane. Latex-free.
