

# D-Ring Wrist Brace - Wrist brace

ART.NO 40310, 40312

Stable wrist orthosis which is easy to put on. Closes with Velcro that provides stability around the wrist and even compression. The orthosis has a pre-bent and stable volar aluminum stay, as well as two dorsal plastic stays. Available in short and long model.

**Indications:**

- To provide support for inflammatory conditions and soft tissue injuries, at the wrist (tendonitis, sprains and strains)
- Prevent further trauma caused by repetitive activity (overuse injuries)
- Secondary care after fracture treatment

**Contraindications:**

- Severe sprains
- Immediate treatment following fractures

**Material:** Nylon, Polyester, Cotton, Spandex, Aluminum. Latex free.

**Washing instructions:** Machine wash at 40°C (106°F). Use a laundry bag. Dry flat. Seal the velcros and remove the stays before washing. Do not use bleach, chlorine bleach or fabric softener as this could impair the function of the material. Do not dry clean. Do not iron. Do not tumble dry.

**Measurements:** Circumference around wrist in cm.
