

# StomiTube - Fixation binder

ART.NO 50214

Soft fixation binder in seamless knitted material. For fixation of ostomy pouches. The binder has pockets in the front of the lower rib that can be used for extra fixation of the ostomy pouch. StomiTube is a tube shaped binder to be put on like regular underwear. Fits different body shapes as the binder has a narrower shape in the back. Easy to use and invisible under clothing. Fixes and holds the ostomy pouch in place. Hides/reduces eventual sounds. Can be used every day, during the night and sport activities. Underwear can be worn underneath or over the binder. Suitable for stoma on either right or left side. StomiTube is available in 3-pack in black or beige. Height in front 18 cm, in back 11 cm.

**Indications:** To be used as a stoma band for fixation of ostomy pouches.

**Contraindications:** Ostomy hernia.

**Material:** Polyester 90%, Elastane 10%. Latex free.

**Washing instructions:** Machine wash in 60°C (140°F). The product lasts longer if washed in 40°C (104°F). Possible to tumble dry at low heat. Do not iron. Do not use bleach, chlorine bleach or fabric softener as this could impair the function of the material. Do not dry clean.

**Measurements:** In order to determine the correct size, measure the hip circumference (at its widest point) in centimeters.

Size	Hip circumference cm	Art.no StomiTube, black, 3-pcs	Art.no StomiTube, beige, 3-pcs
