

AbdoBas - Binder

ART.NO 50236

Elastic binder for comfortable support and compression. Easy to apply and use immediately after surgery. The binder has a non elastic front in foam material for extra support over the abdomen. Easy to seal and adjust with functional handle and velcro fastening in the front. The handle has a color marking that clearly and directly indicates the size of the product.

Possible to cut holes in the non elastic foam material. The foam material will not be destroyed or fringe when cut, no sewing is required.

The binder is reversible to be closed on both right or left side. Height in back 25 cm, height in front 28 cm, color white.

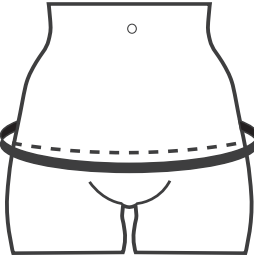

Indications: Postoperative girdle after abdominal surgery. Stabilizes the abdominal wall in case of hernia/stoma. Prevents herniation.

Contraindications: None known.

Material: 37% Cotton, 20% Polyester, 19% Polyester-Foam, 15% Spandex, 9% Nylon. Latex free.

Washing instructions: Can be washed at 95°C (203°F) approx. 10 times. The lifetime of the product increases when washed at 40-60°C (104°F-140°F). Seal the Velcros. Use washing bag. Do not use bleach or softener. Do not dry clean. Do not iron. Do not tumble dry.

Sizing/Measurement: Measure circumference around intended placement. Pick the correct size according to the measurement table.

Size	Measure (cm)	Color	Art.no	
XS	60-75	orange	50236-09-30	
S	70-85	black	50236-09-40
