

# Tor - Hernia briefs

ART.NO 50256

Hernia briefs in mens fit which lift and give support. Used for conservative treatment of mild or medium sized Varicocele. Also postoperative for faster mobilization, pain relief and to prevent relapse.

Tor is designed with different compression zones and is knitted with high compression over the pelvis and softer around the waist. This is to provide maximum support where it is most needed without causing uncomfortable pressure on the abdomen. Designed to provide optimum space for the scrotum. Tor lifts and gives support which make them perfect for patients with varicocele. Worn instead of usual underpants.

**Indications:** For conservative treatment of light/medium scrotal hernia also postoperatively to support the area of surgery and provide pain relief.

**Contraindication:** Incarcerated hernia.

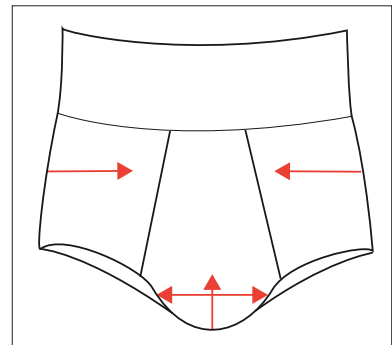

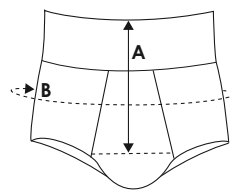

**Color:** Brown

**Measurement:** Hip circumference (B) in cm. Height is measured from pubis and up (A).

**Materials:** Polyamide 63%, Cotton 22%, Natural Rubber Latex 15%.

**Washing instructions:** Machine wash at 40°C (104°F). Use washing bag. Do not bleach. Do not dry clean. Do not tumble dry.
