

William - Compression vest

ART.NO 51211

Compression vest in knitted seamless material. Recommended after breast reduction/gynecomastia or liposuction. Openable at the front with zipper and adjustable shoulder straps. Shape-knit zones over the chest and shoulder for optimal fit and lighter compression over the abdomen, which makes the garment suitable for different body shapes. Steady compression corresponding to compression class 1 over the chest for optimal compression. Elastic, flexible material in 4-way stretch that follows the body. Full-length model.

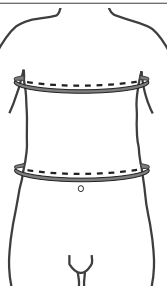

Indications: Compression garment after plastic surgery. Corresponding class 1.

Contraindications: Infection. Arterial circulatory disorders. High risk of thrombosis. Deviating measurements according to table.

Materials: 87% Polyamide, 13% Elastane. Latex free.

Washing instructions: Machine wash 40°C, can be washed in higher temperatures if necessary, max 60°C. The product lasts longer when washed in lower temperatures. Use a laundry bag. Do not use bleach, chlorine or softener. Do not tumble dry.

Measurement: For best fit and correct compression it is important that measurements are taken carefully and size chosen according to the measuring table. The fit of the garment should be tight but comfortable.

Size	Bust cm	Waist cm	Art.no black	
XS	84-90	74-80	51211-00-30
