

# Stratus - Airwalker

ART.NO 80225

Stratus is an individually customisable airwalker that offers maximum support and comfort. The pump system is completely integrated which allows for the compression and fit to be adjusted without a separate pump. The walker has a pump on each side which are regulated independently of each other. The brace is easily adjustable, with four Velcro straps. Both the shell and the padding are ventilated and anatomically shaped. The rocker sole with a low profile allows for good stability and facilitates a normal gate. Low weight.

A heel wedge can be used as an accessory if an increased height is wanted for the plantarflexion. Independent wedges are assembled together to the desired height.

**Indications:** Stable foot or ankle fracture. Severe ankle sprain. Post surgery application

**Contraindications:** Paraesthesia. Severe varicose vein. Skin disorders or injuries in the relevant area. Impaired lymphatic drainage

**Material:** 45% Polypropylene (PP), 15% Termoplastic Rubber (TPR), 5% Termoplastic Polyurethane (TPU), 5% EVA, 10% Polyester, 5% Nylon, 15% Polyurethane (PU). Latex-free.

**Washing Instructions:** Close all straps before washing. Hand wash in cold water with mild soap. Dry clean, bleach or tumble is prohibited. Natural dry, and do not expose this brace to any heat source.

**Measurements:** The same as the shoe size.

**Tillbehör:**

- Heel wedge Universal: 80225-00-00
- Left heel wedge (Universal): 80215-10-00
- Right heel wedger (Universal): 80215-20-00
- Socks, 2 units/box (Universal): 80215-30-00
- Hygiene protection 10/box (Universal): 80219-00-00
- Extra padding: 80225-40-XX\*
- Extra straps: 80225-60-00
- Toe protection 80225-70-XX\*
- Rain protection: 80220-00-00

\*Available in size S-XL

Size	Shoe size	Art.no
S	36-39	80225-00-40
M	40-44	80225-00-50
L	44-46,5	80225-00-60
XL	>46,5	80225-00-70

Walker with integrated pumps and four velcro straps.

Integrated pumps on both sides regulate compressions independently of each other.

Low rocker sole for a natural gate.
