

NordiCare®

Compression Garments by NordiCare

Sandra

art no 31147

POST SURGICAL BRA

Compression class 1 (15-21 mm Hg)

## Indications

**SE** Postoperativ BH med uppått kompression, motsvarande klass 1, avsedd att användas efter olika typer av bröstoperationer.

**Kontraindikationer:** Infektion. Arteriella cirkulationsstörningar. Hög risk för trombos.

**DK** Postoperativ BH med målt op kompression tilsvarende kompressionsklass 1. Beregnet bruges til forskellige typer af brystoperationer.

**Kontraindikationer:** Infektion. Arterielle kredsløbsstørrelser. Høj risiko for trombose.

**NO** Postoperativ BH med en målt opp kompresjon tilsvarende kompressionsklass 1. Beregnet for bruk etter ulike typer av brystoperationsjoner.

**Kontraindikasjoner:** Infeksjon. Arterielle sirkulasjonsstørrelser. Høy risiko for trombose.

**FI** Postoperatiiviset rintaliivit eri alueiden kompressioon, vastaa kompressioluokka 1, tarkoitettu käytettäväksi erilaisten rintaleikkausten jälkeen. **Vasta-aihet:** Infektsio. Valtimoverenkiertohäiriöt. Suuri tromboosiriski.

**EN** Post-surgical bra with a measured compression level equivalent to compression class 1. Intended for use after different types of breast surgery.

**Contraindications:** Infection. Arterial circulatory disorders. High risk of thrombosis.

**DE** Postoperativer BH mit labortechnisch gemessener Kompression (entspricht Klasse 1), zur Verwendung nach verschiedenen Arten von Brustoperationen bestimmt.

**Kontraindikationen:** Infektion. Arterielle Durchblutungsstörungen. Hohes Thromboserisiko.

**ES** Sujetador de uso postoperatorio con mesurado compresión equivalente a la clase de compresión 1. Diseñado para ser utilizado después someterse a varios tipos de cirugía mamaria.

**Contraindicaciones:** Infección. Trastornos circulatorios arteriales. Alto riesgo de trombosis.

## Information

**SE** Om det svider, skaver eller färgförändringar i huden uppstår, ta av BH:n och kontakta utprovaren. För dig som nyligen genomgått bröstkirurgi bör utprövning, förskrivning samt rekommendation om användning göras av eller under ledning av medicinskt utbildad person. Allvarliga tillbud skall rapporteras till NordiCare samt behörig myndighet.

**DK** Tag BH'en af, og kontakt hjælpemiddel-leverandøren, hvis det svier eller gnager, eller der opstår farveændringer på huden. Til dig, der lige har gennemgået brystkirurgi, skal aftørlægning, ordination og anbefalinger til anvendelse foretages af en læge eller under tilsyn af en sundhedsfagligt udannet person. Alvorlige hændelser skal rapporteres til NordiCare og den relevante myndighed.

**NO** Hvis du opplever svie, gnagsår eller fargeforandringer i huden, ta av BH-en og kontakt utprøveren. For deg som nettopp har gjennomgått brystkirurgi bør utprøving, forskriving og anbefaling om bruk gjennomføres av eller under ledelse av en medisinsk kyndig person. Alvorlige hendelser ska rapporteres til NordiCare og den kompetente myndigheten.

**FI** Jos iho kirvelee tai hiertyy tai ihon väri muuttuu, riisi rintaliivit ja ota yhteys sovitajaan. Jos rintaleikkaus on tehty äskettäin, sovituksesta, liivien määritämisestä ja käyttösuosituksesta huolehtii tai niitä ohjaa terveydenhuolto ammattilainen. Vakuista tapauksista ilmoittetava NordiCarelle ja toimivaltaiselle viranomaiselle.

**EN** If you experience pinching, chafing, or color changes in the skin, remove the bra and contact the product fitter. If you recently went through breast surgery, fitting, prescribing and recommendations of use, should be done by or under the supervision of a medical professional. Serious incidents shall be reported to NordiCare and the competent authority.

**DE** Bei Schmerzen, Scheuern oder Hautverfärbungen, entfernen Sie den BH und wenden Sie sich an den Tester. Wenn Sie sich erst kürzlich einer Brustoperation unterzogen haben, sollten Anproben, Verschreibungen und Anwendungsempfehlungen nur von medizinisch geschulten Fachkräften und unter der Anleitung durchgeführt werden. Ernsthaftige Komplikationen müssen NordiCare und der zuständigen Behörde gemeldet werden.

**ES** Si le hace daño, se producen roces o cambios de color en la piel, quite el sujetador y póngase en contacto con la persona encargada de realizar las pruebas del sujetador. Si se acaba de someter a una cirugía mamaria, las pruebas, la prescripción y la recomendación sobre el uso las debe realizar una persona con formación médica o bajo su supervisión. Incidentes graves se informarán a NordiCare y a la autoridad competente.

## Washing instructions

**EN** Machine wash at maximum 60°C (140°F), for longer durability, 40°C (104°F) is recommended. Fasten hook- and- eye closure before washing. Use of a laundry bag is recommended. Possible to tumble dry at low heat. Do not iron. If the garment has any blood stains, soak or wash in cold water. Do not use bleach, chlorine or fabric softener as this could cause the material to lose functionality.
